

USMAN ABDELLA

Full-Stack Software Engineer | Software Engineering Student

Addis Ababa, Ethiopia · +251983355598 · usmanabdella1121@gmail.com
<https://github.com/usman1121> · www.linkedin.com/in/usman-abdella-ba8367319

PROFESSIONAL SUMMARY

Full-Stack Software Engineer and Software Engineering student with hands-on experience designing, building, and shipping production web applications. Currently developing modern full-stack systems at Afro Digital Software Company, spanning frontend interfaces, backend APIs, and database architecture. Proficient across the JavaScript/TypeScript ecosystem (Node.js, Express.js, NestJS, React, Next.js) and Python (Flask), with working knowledge of relational and NoSQL databases, REST API design, Git-based workflows, and Linux environments. Actively expanding expertise in cybersecurity and red-team methodologies to build more secure, resilient applications.

PROFESSIONAL EXPERIENCE

Full-Stack Software Engineer *May 2026 – Present*

Afro Digital Software Company · Addis Ababa, Ethiopia

- Design, build, and maintain full-stack web applications used in production, from database schema through UI.
- Develop and integrate backend APIs, business logic, and database layers to support core application features.
- Build responsive, modern frontend interfaces and user-facing features using contemporary JavaScript frameworks.
- Debug, test, and optimize application functionality to improve reliability and performance across the stack.

PROJECTS

YeneSchool — AI-Powered School Management Platform *2025 – Present*

Full-Stack Web Application

- Building a full-stack school management platform tailored to the needs of schools in Ethiopia.
- Architecting the frontend, backend, database schema, and core application workflows end to end.
- Designing the system with a focus on scalability, usability, and security from the ground up.

Agentum — AI Assistant

AI-Powered Application

- Built an AI assistant application integrating modern large language model capabilities into a practical tool.
- Designed the application architecture and user interface from initial concept to working product.
- Implemented AI integration, backend functionality, and end-to-end application workflows.

EDUCATION

Bachelor of Science in Software Engineering *Sept 2024 – Present*

BITS College · Addis Ababa, Ethiopia

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, SQL, HTML, CSS

Frontend: React, Next.js, Vue.js

Backend: Node.js, Express.js, NestJS, Flask, REST APIs

Databases: PostgreSQL, MySQL, MongoDB, SQLite

Tools: Git, GitHub, Docker, Postman, Vercel, Linux

Cybersecurity: Linux Administration, Networking, HTTP/HTTPS, Nmap, Wireshark, Bash

LANGUAGES

English · Amharic
